Varsity Spotlight:

LEXI THOMPSON

I started playing golf about 2 years ago because I wanted to play and hopefully get a college scholarship.

Our golf team is... competitive

My role model is my dad because he taught me EVERYTHING I know.

My most memorable round was at Regionals last year when I shot by best round of 82 and our team when to state by 1 stroke.

Some of my individual goals are to be shooting consistently in the 70's, win a tournament, and beat Taylor.

I hope our team can be competitive in our post-season and make it to state again!

JV NEWS

After a couple of weeks off for the break and finals, we are looking forward to getting back out to the course for the spring semester. The girls team finished up a successful fall season with several individual awards at the various tournaments in addition to the 2 second place finishes and one first place team finish out of four events entered. We are looking forward to continuing the success and winning several more in the spring. The boys team has added a couple of golfers that played football during the fall to give it more depth and competition as the season moves forward. The competition for tournament spots should get interesting as they each look to improve in their game.

Thank you to the Kucholtz family for hosting our team get-together in the fall. I know that we all had a wonderful time getting to know each of the kids and families. If you are interested in hosting a get-together for the spring, please contact Coach Hostin and we can get some ideas on dates and specifics.

Next Week:

***No tournaments are currently scheduled for next week.**

The First Varsity Boys Tournament is Feb. 16 at the Tribute. The first Varsity Girls Tournament is Feb. 19/20 at Bridlewood.
